**LATEST NEWS AND ACTIVITIES**

## For patients and families with CMTC and Other Vascular (bloodvessel) Malformations

CMTC-OVM is a worldwide non-profit patient organization that aims to improve the quality of life of people suffering from vascular abnormalities (blood vessel abnormalities), such as CMTC ("Van Lohuizen syndrome"), and stimulate scientific research into these disorders.

[ABOUT OUR ORGANISATION](#)

### New CMTC-OVM website

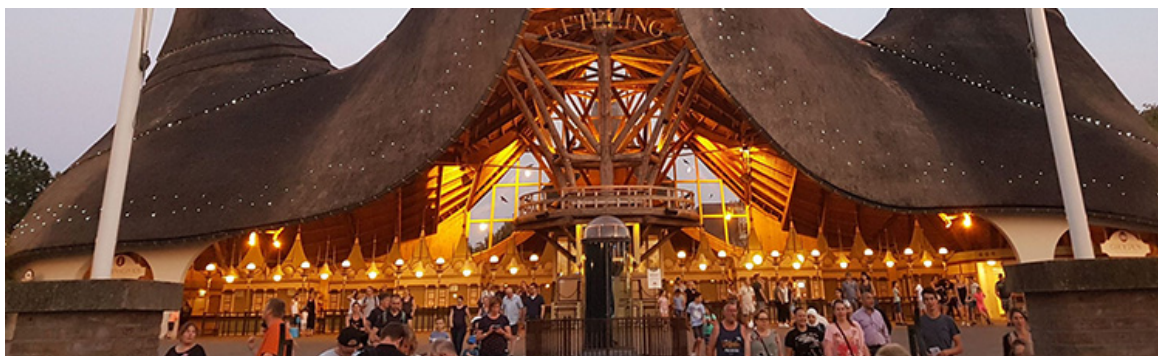

We are pleased to announce the launch of our brand new website! After two months of hard work and dedication by many volunteers, the website is now live.

## Re-registering members/donors

In order to ensure that our members and donors details comply with privacy legislation (GDPR: General Data Protection Regulation), all members and donors will soon receive an invitation to re-register.

## Family Day in Efteling postponed to 2021

The Efteling has informed us that because of the COVID-19 / Corona virus, no groups are allowed to visit the Efteling. We had already shifted our global Family Day to August 29, 2020, but it will not take place this year at all. More information on the new date of the global Family Day can be found on our website.

## Annual report 2019 published

Our annual report 2019 is available. Our finances are assessed by three external organizations and our internal Audit Committee. More information on the report of 2019 can be found below.

## Members conference 2020

Our annual global members conference is scheduled for 24 October 2020. The venue has been set and a few speakers such as Prof. Dr. Miikka Vikkula have also been confirmed. Do you have any ideas or would you like to organize something yourself? Let us know! Send an email to [president@cmtc.nl](mailto:president@cmtc.nl) and we'll see what is possible.

**Note: due to the Corona/COVID-19 virus this can change!**

## Grant voor project 'Patient Advocates'

We received a subsidy from ZonMW, part of the Ministry of Health, Welfare and Sport, to carry out the 'Patient Advocates' (PA) project. The PA is an experience expert who informs patients, families and care providers. With this project we want to train PA's from different countries and offer practical tools.
