## LATEST NEWS AND ACTIVITIES

### Spring meeting days

During our member conference in 2022, we asked what the needs of our members are. This showed that you would like more contact moments with other members. Our Spring Meeting on Sunday, May 21, 2023 in Avifauna is the first visible action.

### Guide to vascular malformations for teachers

We recently developed a new series of brochures on vascular malformations for the student to take to school and give to the teacher. The brochures have been developed in collaboration with two psychologists. Check out our website for various brochures that are available. We have a whole range of information leaflets available in several languages. All brochures can be downloaded immediately and it is also possible to have printed brochures sent to you.

### Patient Advocates

A number of our Patient Advocates attended our training in the Netherlands in 2022 (at our expense) and were also able to participate in our global conference. The effects of their actions are starting to become apparent (impact and reach). Do you also want to become a Patient Advocate and/or do you want more information?
